The spacious finca stands alone on a private property of 10,000 sqm. However, the property is easily accessible. Alicante airport (where you can very easily rent a car) is only a half hour drive. The house has a large parking. The house is surrounded by terraces and a beautiful subtropical garden. Around the pool there is a terrace, partly covered. In addition to an outdoor shower you can use a bathroom with toilet, directly accessible to those who stay outside. Through an antique door you come into a spacious hall beneath the typical Valencian turret. When you go right you find three bedrooms and a second bathroom with toilet. If you go left, a few steps, you get into the spacious living room. Thanks to the double windows to the floor it is bright and airy.

Activities

The house is situated in the beautiful countryside between Jijona (Xixona in Valencian) and Tibi. You reach the house along a winding but well maintained road in the green valley of the river Monnegre. In the typical Spanish town of Jijona (5 km) you can find all the amenities: supermarkets, bakery, butcher, bank, post office, restaurants, bars, Jijona in Spain is well known for the production of Turrón (Spanish nougat). A visit to the Museum del Torro about the history of the Turrón production in the region, is well worth a visit. On the way to El Campello you can visit the Cova del Canelobre (caves). On the terrace of our house you have views to the popular resort of El Campello about 20 kilometers away. Enjoy all that the Costa Blanca has to offer! But also the city of Alicante is certainly worth a trip.
