The house is a 61 square meter semi detached house, consisting of one large traditional 'Camara' (Archway) room and a bathroom. A perfect retreat from the world, the house will offer all the elements of traditional Greek living, but with all modern requirements catered for. There are sleeping facilities for up to 7 people within the one room, (although more comfortably 2-5 people!) with 2 double beds set up on traditional 'Pangas', with a bathroom below one and a large walk in wardrobe/storage area under the other. The fabulous fireplace in one corner of the house is really the heart of these old houses where the families sat down to relax on large floor cushions, enjoying the drama of the 'Camara' as their view. The house is a half plastered and whitewashed, and half natural stone. Outside in traditional village style there will be seating and flowers pots to enjoy the company of the neighbours, with a BBQ area in the building at the front of the house. There is also an outside storage area. Access will be available to the roof, where there are super views of the surrounding village and countryside. This is a super holiday retreat. The house has been fully renovated and furnished !
